textbook offers a solid overview of new testament greek grammar and vocabulary

fundamental greek grammar 4th revised edition provides the basis for new testament greek vocabulary morphology and syntax it takes a fundamental approach moving from the known to the unknown from the easy to the more difficult dr voelz understands that learning a complex language is difficult and he seeks to explain things in detail every step of the way fundamental greek grammar 4th edition includes vocabulary paradigms principal parts exercises answer key pertinent bible passages and more updated edition features english review for greek a refresher of english grammar basics

this is a beginner's guide to biblical exegesis providing exegetical methods practices and theories this book provides simple helpful information and guidance about doing exegesis without being overly prescriptive succinctly introduces students to various methods provides basic bibliographies that take students beyond an introductory discussion and emphasizes exegesis as an everyday activity based on commonsense principles rather than as an esoteric enterprise this revised edition of this perennially best selling textbook includes discussions of emerging methods of interpretation aimed at a contemporary audience several chapters have been updated and improved and readers will find an incisive new chapter on exegesis with a focus on identity and advocacy holladay has also written a new concluding chapter on exegesis as the art of seeing bibliographies are updated and a helpful glossary is included in this new edition

there are thousands of excellent resources in the field of new testament studies but which tools are best for sermon preparation topical study research or classroom study in best bible books the authors review and recommend hundreds of books saving pastors students and scholars time effort and money glynn and burer examine commentaries on every book of the new testament describing their approach format and usability they then rank them on a scale of good better and best other chapters survey special studies for each new testament book as well as books in related disciplines such as historical background language resources and hermeneutics also included are helpful chapters on building a must have personal library and identifying books that comprise the ultimate new testament commentary collection this is an indispensable resource for any serious student of the bible

john hayes and carl holladay have thoroughly revised and expanded this best selling textbook adding new chapters on emerging methods of interpretation and the use of computer technology for

exegesis all bibliographies have been updated and scripture has been converted to the nrsv this new edition retains the features of the early editions a minimum of technical terms solid introductory guidelines in exegetical methods and a valuable presentation of exegetical theory and practice it is ideal for general introductory exegesis courses introductions to the old and new testaments and introduction to preaching as well as for pastors and lay leaders

arnold brings to the biblical study of the end times his rationalistic and scientific approach while this approach enhances it in no way changes or attempts to correct biblical text or its meaning arnold defines the eschaton the end of all things in greek as the composite of signs of the end the lord s return the judgment and life eternal or damnation he believes the lord s use of the word generation based on the original greek is an interval of time an age this age of believers jesus teaches will not pass away until all the signs of the end have taken place by the doctrine of predestination the end can not come until the last christian on earth is born he defines the last believers of this age as the omega generation as they are born their family line will cease and when the last christian of the omega generation is born all family lines on earth will end with these changes will come a dramatic decrease in global population as prophesied in scripture after reviewing what changes this will bring to the earth he discusses the signs of the times which the secular world takes as pointers to the possible end of the world he then takes us on a detailed description of the biblical signs these signs will be highly visible during the lives of the omega generation following the return of our lord dr arnold describes the judgment the new jerusalem and the inferno other very unique concepts introduced by arnold in the eschaton include a discussion of the cleansing of the cosmos by fire and the events that occur following our death all those who hold the bible to be truth will find this book to be attention grabbing exciting and a clear explanation and revelation of that truth

unlike literature in the modern western world ancient documents were typically crafted for the ear rather than the eye jeffrey e brickle analyses the oral patterning and resulting soundscape reflected in the prologue of first john after discussing contemporary techniques of sound analysis and establishing the study s methodological approach brickle examines the prologue s aural profile to do this he explores describes and graphically depicts the patterns of sound that emerge brickle then uses approaches to greek pronunciation and orality advocated in recent new testament research to determine the impact on the prologue s soundscape he employs the principles for beautiful and effective composition elucidated by dionysius of halicarnassus in his treatise on literary composition

the results and implications of this study enable brickle to suggest further ways to apply research in orality performance and memory to ancient texts from publisher description
